Printex™ Wallcovering Fabric DS FR WR ●	FWD216DS FR WR	160, 260, 320	315g/m <sup>2</sup>		●	●																		●

**Note:** ♦ indicates flame retardancy, ● indicates flame retardancy and water repellancy. ♦ These fabrics have been tested for use in cloth face masks and meet the requirements for air flow and barrier hold out. This chart is to be used as a general guide. Please ensure suitability for printer model, ink type and end use. Sampling for test printing is available on request.

Flame Retardancy for all fabrics is available on request.
